Dear School, Civic and Charitable Organization:

During these difficult economic times, we all have to do what we can to save money. And trying to raise money for our special organizations has become more difficult each year.

Here at Thomson's, we have found a way to save people money and increase donations to their special organizations.

Many of the schools we donate to have said, "It's becoming more difficult to continue certain programs for the children" and some say "they may have to discontinue them all together." Just as some of the charitable organizations have said, "Donations were down substantially."

Here at Thomson's, we have put together a program that will benefit all of us by saving your members money on their purchases, your school or organization by creating a new source of donations and us by increasing our customer base. So as they say, it is a "**WinWin**" situation!

How it works... IT'S SIMPLE...

Have your authorized representative from your school, group, garden club, or charitable organization, fill out our Discount/Donation Enrollment Form. This will contain all the necessary information for us to donate the funds earned by members who have made purchases with us during the months of September, October and November.

Every time a member of your organization makes a purchase at Thomson's **August 23 through December 23, 2010**, they will receive a **10% discount** on our already reasonably priced merchandise, and your group or organization will receive a **10% (after discount) donation**.

**PARENTS, TEACHERS AND MEMBERS CAN SHOP EARLY FOR THE HOLIDAYS.
SAVE MONEY AND DONATE AT THE SAME TIME TO THEIR SCHOOL OR CHARITY.**

Some restrictions apply. Some merchandise is not eligible for program. See enrollment form for details. The members will need to show membership (ID) to receive their discount. Each member can pick their card up at the store.
